Ireland could not be better placed for business

Ireland is a natural gateway to Europe.

The change in company legislation regarding the residency of directors and the low corporation tax rate at 12.5% makes Ireland the ideal place to incorporate your company.

It is now required that just 1 director of an Ireland company be resident in the EU.

Being Ireland's premier formation company, no one can match our knowledge, expertise or commitment in incorporating your company on time and at a fixed fee.

Our Standard Incorporation package in Ireland includes:

- Reserving your Company Name
- Structuring the company as per your requirements
- Prepare your Company Registration Forms
- Drafting the Memorandum of Association
- Drafting the Articles of Association / Statutes
- Electronic filing of your documents with the Companies Registration Office
- Submitting the original documents with the Companies Registration Office
- Appoint the Directors
- Appoint the Company Secretary
- Standard government fee to Irish government
- Issue of shares
- Certificate of Incorporation and documents
- Delivery of documents

In the budget the Irish minister announced the extension of Corporation Tax relief to companies that have commenced trading by the end of 2014.
